I. CONTRACT AMOUNT AND TERM

The initial contract term shall be for a period of approximately eighteen (18) months, renewable for up to two (2) successive one-year periods. The effective date of the contract will be determined at time of award.

II. PURPOSE

The Virginia Department of Rail and Public Transportation (“DRPT”) has implemented a new, twice daily, 7 days a week, intercity bus route starting in Blacksburg, VA and terminating at Union Station in the District of Columbia, and including stops in various cities like Harrisonburg and Dulles International Airport. The name of the service is the Virginia Breeze, and revenue service began on December 1, 2017. Information on the service can be found online at: www.catchthebreezeva.com

In order to increase and maintain ridership so as to increase return on investment, DRPT seeks strategic and comprehensive marketing and public relations support services. This is a federally required effort to offer services connecting urban areas. The consultant must be willing to comply with all state and federal procurement policies.

The Special Assistant to the Chief of Public Transportation is the project manager for the intercity bus program and will administer this task order. This contract will be active through September 2019, designed to coincide with the contract for operation of the Intercity Bus pilot project.

III. BACKGROUND

DRPT was created in 1992. Its mission is to improve the mobility of people and goods while expanding transportation choices in the Commonwealth. DRPT consists of the Director’s office, an Operations Division, a Policy and Communications Division, and Finance and Administration.

DRPT’s Operations Division assists more than 40 public transit agencies, 50 human service providers and 15 commuter assistance agencies that combined carry nearly 700,000 Virginians every day in something other than their own cars. Transit demand management services are provided through a unique partnership between DRPT, fifteen local commuter assistance programs, Metropolitan Planning Organizations, various Transportation Management Associations (TMAs) and the Virginia Department of Transportation (VDOT). DRPT also provides technical and financial support to local commuter assistance agencies through grant programs, research, training, and marketing assistance.

The Finance and Administration Division is responsible for administering agency funds that empower our grantees to deliver efficient, effective transportation services. DRPT has a complex accounting environment utilizing 15 funds to account for 2000 open grants

and projects involving the activities of approximately 75 grantees. DRPT is a funding and technical assistance participant in projects that combine federal, state, and local funding.

Revenues for fiscal year 2018 (July 1, 2017 – June 30, 2018) are estimated to be \$689.0 million. Approximately \$143 million annually is received for the transit and congestion management programs from a legislatively mandated share of taxes (retail sales tax and motor vehicle fuel sales tax) and fees (DMV registration fees). Rail activities receive a share of the motor vehicle rental tax totaling about \$19 million annually. Additional long term funding was created under HB 3202. The new legislation provided 2 cents of the recordation tax to the transit operating program in fiscal year 2009 which amounts to approximately \$31.0 million annually. The General Assembly provided additional revenues to rail and transit in the 2013 session. HB 2313 increased State Sales and Use tax which provides approximately \$77.0 million to transit and \$51.0 million to Rail annually. DRPT oversees \$50 million in federal funding primarily through the Federal Railroad Administration and the Federal Transit Administration under § 5303 (Metropolitan Planning Organizations), § 5304 (Statewide Planning and Research), § 5307 (Large Urban Cities), § 5309 (Major Capital Investments – New Starts Programs), § 5310 (Elderly and Disabled Persons), and § 5311 (Rural and Small Urban).

IV. SCOPE OF WORK

Contractor shall be paid its costs, including contract close-out costs, and profit on work performed up to the time of termination. Contractor shall promptly submit its termination claim to the recipient. If contractor is in possession of any of the recipient's property, contractor shall account for same, and dispose of it as the recipient directs.

b. Termination shall be effected by serving a notice of termination to contractor setting forth the manner in which contractor is in default. Contractor shall only be paid the contract price for supplies delivered and accepted, or for services performed in accordance with the manner of performance set forth in the contract.

If it is later determined by the recipient that contractor had an excusable reason for not performing, such as a strike, fire, or flood, events which are not the fault of or are beyond the control of contractor, the recipient, after setting up a new delivery or performance schedule, may allow contractor to continue work, or treat the termination as a termination for convenience.

c. Opportunity to Cure (General Provision) the recipient in its sole discretion may, in the case of a termination for breach or default, allow contractor an appropriately short period of time in which to cure the defect. In such case, the notice of termination shall state the time period in which cure is permitted and other appropriate conditions

If contractor fails to remedy to the recipient's satisfaction the breach or default or any of the terms, covenants, or conditions of this Contract within ten (10) days after receipt by contractor or written

notice from the recipient setting forth the nature of said breach or default, the recipient shall have the right to terminate the Contract without any further obligation to contractor. Any such termination for default shall not in any way operate to preclude the recipient from also pursuing all available remedies against contractor and its sureties for said breach or default.

d. Waiver of Remedies for any Breach In the event that the recipient elects to waive its remedies for any breach by contractor of any covenant, term or condition of this Contract, such waiver by the recipient shall not limit its remedies for any succeeding breach of that or of any other term, covenant, or condition of this Contract.

e. Termination for Convenience (Professional or Transit Service Contracts) the recipient, by written notice, may terminate this contract, in whole or in part, when it is in the recipient's interest. If the contract is terminated, the recipient shall be liable only for payment under the payment provisions of this contract for services rendered before the effective date of termination.

f. Termination for Default (Supplies and Service) If contractor fails to deliver supplies or to perform the services within the time specified in this contract or any extension or if the contractor fails to comply with any other provisions of this contract, the recipient may terminate this contract for default. The recipient shall terminate by delivering to contractor a notice of termination specifying the nature of default. Contractor shall only be paid the contract price for supplies delivered and accepted, or services performed in accordance with the manner or performance set forth in this contract.

If, after termination for failure to fulfill contract obligations, it is determined that contractor was not in default, the rights and obligations of the parties shall be the same as if termination had been issued for the recipient's convenience.

g. Termination for Default (Transportation Services) If contractor fails to pick up the commodities or to perform the services, including delivery services, within the time specified in this contract or any extension or if contractor fails to comply with any other provisions of this contract, the recipient may terminate this contract for default. The recipient shall terminate by delivering to contractor a notice of termination specifying the nature of default. Contractor shall only be paid the contract price for services performed in accordance with the manner of performance set forth in this contract.

If this contract is terminated while contractor has possession of the recipient goods, contractor shall, as directed by the recipient, protect and preserve the goods until surrendered to the recipient or its agent. Contractor and the recipient shall agree on payment for the preservation and protection of goods. Failure to agree on an amount shall be resolved under the Dispute clause. If, after termination for failure to fulfill contract obligations, it is determined that contractor was not in default, the rights and obligations of the parties shall be the same as if termination had been issued for the recipient's convenience.

h. Termination for Default (Construction) If contractor refuses or fails to prosecute the work or any separable part, with the diligence that will insure its completion within the time specified, or any extension, or fails to complete the work within this time, or if contractor fails to comply with any other provisions of this contract, the recipient may terminate this contract for default. the recipient shall terminate by delivering to contractor a notice of termination specifying the nature of default. In

this event, the recipient may take over the work and complete it by contract or otherwise, and may take possession of and use any materials, appliances, and plant on the work site necessary for completing the work. Contractor and its sureties shall be liable for any damage to the recipient resulting from contractor's refusal or failure to complete the work within specified time, whether or not contractor's right to

proceed with the work is terminated. This liability includes any increased costs incurred by the recipient in completing the work.

Contractor's right to proceed shall not be terminated nor shall contractor be charged with damages under this clause if:

1. Delay in completing the work arises from unforeseeable causes beyond the control and without the fault or negligence of contractor. Examples of such causes include: acts of God, acts of the recipient, acts of another contractor in the performance of a contract with the recipient, epidemics, quarantine restrictions, strikes, freight embargoes; and
2. Contractor, within 10 days from the beginning of any delay, notifies the recipient in writing of the causes of delay. If in the recipient's judgment, delay is excusable, the time for completing the work shall be extended. The recipient's judgment shall be final and conclusive on the parties, but subject to appeal under the Disputes clauses.

If, after termination of contractor's right to proceed, it is determined that contractor was not in default, or that the delay was excusable, the rights and obligations of the parties will be the same as if termination had been issued for the recipient's convenience.

i. Termination for Convenience or Default (Architect & Engineering) the recipient may terminate this contract in whole or in part, for the recipient's convenience or because of contractor's failure to fulfill contract obligations. The recipient shall terminate by delivering to contractor a notice of termination specifying the nature, extent, and effective date of termination. Upon receipt of the notice, contractor shall (1) immediately discontinue all services affected (unless the notice directs otherwise), and (2) deliver to the recipient all data, drawings, specifications, reports, estimates, summaries, and other information and materials accumulated in performing this contract, whether completed or in process. If termination is for the recipient's convenience, it shall make an equitable adjustment in the contract price but shall allow no anticipated profit on unperformed services. If termination is for contractor's failure to fulfill contract obligations, the recipient may complete the work by contract or otherwise and contractor shall be liable for any additional cost incurred by the recipient.

If, after termination for failure to fulfill contract obligations, it is determined that contractor was not in default, the rights and obligations of the parties shall be the same as if termination had been issued for the recipient's convenience.

j. Termination for Convenience or Default (Cost-Type Contracts) the recipient may terminate this contract, or any portion of it, by serving a notice of termination on contractor. The notice shall state whether termination is for convenience of the recipient or for default of contractor. If termination is for default, the notice shall state the manner in which contractor has failed to perform the requirements of the contract. Contractor shall account for any property in its possession paid for

from funds received from the recipient, or property supplied to contractor by the recipient. If termination is for default, the recipient may fix the fee, if the contract provides for a fee, to be paid to contractor in proportion to the value, if any, of work performed up to the time of termination. Contractor shall promptly submit its termination claim to the recipient and the parties shall negotiate the termination settlement to be paid to contractor. If termination is for the recipient's convenience, contractor shall be paid its contract close-out costs, and a fee, if the contract provided for payment of a fee, in proportion to the work performed up to the time of termination. If, after serving a notice of termination for default, the recipient determines that contractor has an excusable reason for not performing, such as strike, fire, flood, events which are not the fault of and are beyond the control of contractor, the recipient, after setting up a new work schedule, may allow contractor to continue work, or treat the termination as a termination for convenience.
